

# Keep staff & customers safe

**with our foot activated sanitiser dispenser and sanitisers**

Made in the UK, this quality stainless steel patented dispenser is fully mechanical. With a simple push of the pedal, sanitiser is released meaning nothing has to be touched, preventing contamination. It is very sturdy, suitable for indoor and outdoor use and is stable as a stand-alone unit or can be bolted to the ground.

**Perfect for:** Reception Areas, Warehouses, Entrances, Offices, Garage Forecourts, Care Homes, Banks, Shops, Schools and many other areas. Can be used indoors and outdoors.

## Technical Specification

Brushed stainless steel

**Height:** 1000mm

**Diameter:** 114mm

**Foot diameter:** 330mm
